

## Welcome to Isi Fish

# meet us at the Skipper Expo Int. Galway

Isi Fish will be exhibiting for the first time at Skipper Expo Int. in Galway on 4th - 5th March 2016 at **stand 84** (Upper Conservatory). This newsletter gives you a brief introduction to our company, our products and our services. We hope you find it interesting and we hope to see you there!

Isi Fish offers geolocation solutions, fishing gear instrumentation and satellite data for commercial fisheries, offshore and scientific activities.

Our product range includes **radio GPS buoys** and **satellite GPS buoys**. These kinds of buoys are **multi-purpose** and can be used for many activities that require the monitoring of equipment at sea.

Our buoys are also used for several fishing methods to monitor drifting longline, to locate all kinds of fishing gear: gill nets, pots, traps and also for scientific research or surveys.

### WHY COME TO SEE US?

#### **Are you a marine institute, a control organisation or a surveyor?**

Our products can be used to monitor your research equipment in the water or to control good fishing practices with the electronic observer.

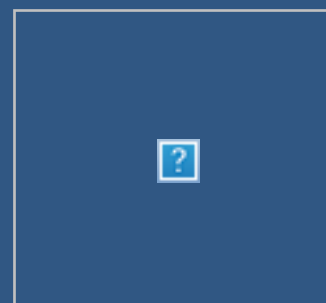

#### **Are you a boat builder, a naval architect or a marine consultant?**

Your clients may need to equip their boats with our products. Let's meet to talk about it!

#### **Are you an electronic marine installer, a fishing gear or tackle manufacturer or reseller?**

We are looking for contacts to install or resell our systems. Do not hesitate to come to see us.

*We look forward to meeting you, please feel free to visit us at **stand 84** or contact us before the event to make an appointment : [contact@isifish.fr](mailto:contact@isifish.fr)*
